

Order Object – Validation Rules

The following validation rules have been implemented on the Order object to maintain data quality.

Validation Rule 1: Order Date Cannot Be in the Future

FORMULA

```
Order_Date__c > TODAY()
```

ERROR MESSAGE

Order Date cannot be in the future.

Validation Rule 2: Total Amount Must Be Greater Than Zero

FORMULA

```
Total_Amount__c <= 0
```

ERROR MESSAGE

Total Amount must be greater than zero.

Validation Rule 3: Pending Orders Cannot Have Zero Amount

FORMULA

```
AND(  
    ISPICKVAL(Status__c, "Pending"),  
    Total_Amount__c <= 0  
)
```

ERROR MESSAGE

Pending orders must contain a valid amount.

Validation Rule 4: Customer Must Be Selected

FORMULA

```
ISBLANK(Customer__c)
```

ERROR MESSAGE

Please select a Customer.

Validation Rule 5: Maximum Order Amount

FORMULA

Total_Amount__c > 100000

ERROR MESSAGE

Maximum online order amount is ₹100000.
